Preface

As a reference book, a handy volume of information, the "Press Reference Book of Prominent Virginians" is published.

The editors and compilers have aimed to fill a need, supply a demand, by gathering and assembling biographical sketches, and up-to-date photographs of persons who have taken, and are taking, an active part in affairs, political, professional, commercial, and social.

To the historian, biographer, librarian, clubman, and professional man, it should prove invaluable—and justify the editors in the belief that they are presenting a work of merit.

To the newspaper offices of City and State, as well as those of neighboring metropolitan cities, it will supply a long-felt want, as it contains information in a nutshell which otherwise would take time, valuable time, to get.

The lives of the men in this publication stand out as notable examples of the type of men who have lent their force, or capital, or both, to the upbuilding of this great Commonwealth. Many of them pioneered through the hardships of the Reconstruction days, while others battled bravely against prolonged depressions of a period now past; others, while of more recent arrival, the Old Dominion State is glad to number among her own.
